

INTERN WELCOME LETTER

Dear Modi Vyom,

Date of Joining: 17th June 2024 to 30th June 2024.

We are pleased and excited to welcome you as an Intern at Karma Foundation.

We, at Karma, believe what goes around comes around. With this intent, we make efforts towards creating a better nation and world at large, so that, in return we can have a better world to live in.

We also believe that the present and the future are interlinked; therefore, the seeds that we sow today will be the fruits of the future.

Welfare of the society is at the heart of KARMA.

“In a gentle way, you can shake the world. Be the change.”

With these words, our trustees, founders and team members started serving the society. Rather than complaining they became the agents of change. Today with a team of 150+ Karma Knights, we are confident of creating a positive impact on the social fabric of our society and the world.

What we cherish the most are the stories of individuals becoming catalysts of city wide revolutions. It all starts with the power of a single thought and the determination of one person wanting to reach to a billion. You may question the impact you can have on the world by your actions in these few days. Let us share something we have experienced in Rumi's words:

“You are not a drop in the ocean. You are the entire ocean in a drop.”

We urge you to be mindful of the enormous impact you'll create in these few days with your positive thoughts, actions and contributions. Every year with each intern batch, we get inspired by the amount of change that the youth has the capability of stirring. In this batch, we wait to be astonished and further inspired.

Wish you the best and our team is looking forward to triggering infinite positivity with you.

Let's change the world, because we can and we will!
